MNRC Downstairs Conference Room

Divided room setup

Sliding wall is closed and the larger of the two rooms can be set up as shown to seat 16 comfortably or 20 if table ends are used for seating.

Please return divided conference room to standard setup with sliding wall open and tables and chairs set as one large rectangular table.

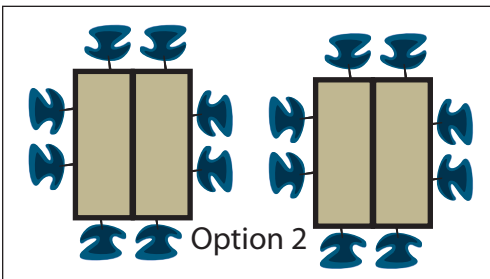

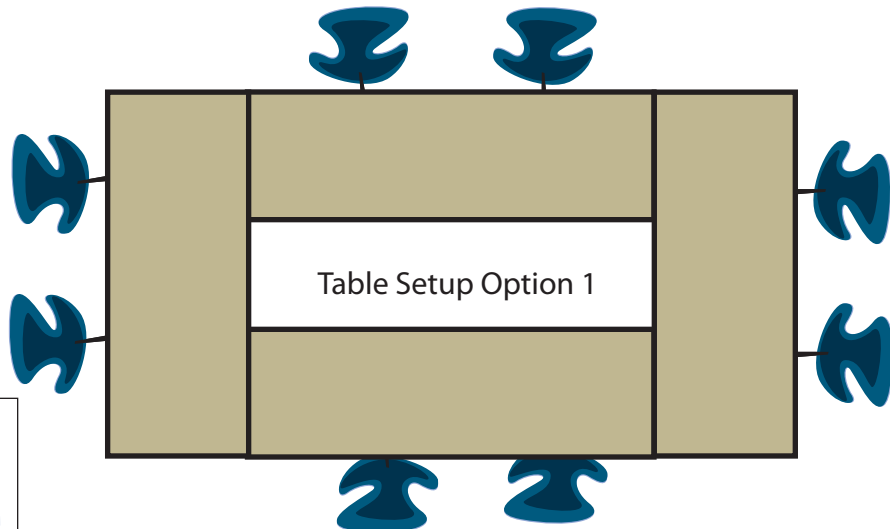

Door

Ask CVNL for assistance with opening and closing sliding wall.

Sliding Wall

Small room setup

When sliding wall is closed the small conference room can be set up in various configurations using the five tables provided. In addition to the two options shown, tables can also be arranged classroom style.
